## City outlines plans for flood areas

In a special called meeting Tuesday night, the City Council took the first steps toward lessening the impact of flooding in east Hondo.

In response to proposal drawn up

by a citizen's group headed by Henry Dominguez, the Council voted to take the following steps:

(1) Clean and dig the sediment from the area lying between 18th St. and beneath the railroad trestle.

(2) Clean all brush and weeds north of 18th St. as needed.

(3) Knock down earth mounds on east side of large gravel pit.

(4) Fill in gravel pits as much as possible.

(5) Widen the waterway or channel between gravel pit area and 16th St.

(6) Remove existing culverts at 16th St. and 15th St. and replace with slab at 16th St. Clean and widen waterway between 15th and 16th St.

(7) Replace culvert on 15th St. with a new culvert using as many pipes, of largest diameter possible within limits of City easement.

(8) Clean waterway north of 15th St. to maximum width allowed by easement, and clean Jungman property.

The action came in the form of a motion by Councilman Hilmer Mueller following discussion of possible partial solutions to the recurrent flood problem that exists in the eastern portion of Hondo.

The motion was seconded by R. V. Stanga, and passed unanimously.

The Council and citizens had agreed at the outset that no solution could be found to flooding in that area due to sudden, heavy rains. But the two groups agreed that the City should do its best, within limits of resources and money, to lessen the impact of major flooding and to prevent flooding due to minor rainfall.

Only two of the proposals were not agreed to by the City Council.

One, which involved enlarging the opening beneath the bridge on Highway 90, was not acted on because of a letter from the Texas Highway Department to the City which denied that the bridge contributes to flooding upstream by impeding flow of water.

Regarding the letter, Dominguez said "I would contest that statement if I had the power to do so. We have film taken during the flooding which shows that the small opening hinders the flow of water."

The Council took no action, but left open the possibility of future talks with the Highway Department.

Another proposal not acted on was the opening of Avenue A south to 18th St. to allow exit from the flood-prone area if the City replaced existing culverts on 15th and 16th Sts. with slabs.

Citing property-owner Ernest Bende's reluctance to have Avenue A opened, and in view of the fact that 15th St. will have a culvert of increased size, instead of a slab, the groups agreed that opening the new street was not critical.

### Devine football tickets go on sale early Monday

Ticket sale routine for the Devine-Hondo football game in Devine has been announced by Supt. Kenneth Flory.

Tickets will go on sale at 8 a.m., Monday, October 22, in the Superintendent's Office.

Because of the great demand for the limited seats in Devine, individuals in the ticket line will be limited to purchasing six (6) tickets until the entire line of Owl supporters has had an opportunity to purchase these six tickets.

Parents and grandparents of varsity football players will be allowed a priority for purchasing tickets for themselves prior to Monday, October 22.

Devine is providing 400 adult seats in section A on the Devine side, which is 300 more than have been available in the past. A total 805 adult reserved seats will be available. Some 673 adult seats were sold, pre-game, for the Medina Valley game last week, which gives some comparison of seating requirements.

## Frank Hartman killed at railroad crossing

Funeral services were held Monday, October 15, 1973, at the Hondo First United Methodist Church for Frank George Hartman, 72, of Hondo. Rev. Homer Weimer, pastor of the United Methodist Church of Hondo, officiated.

Pallbearers were Desmond Doyle, Bradley Bailey, Joe Bierschwale, Robert Zuberbuehler, Charles Lutz,

and John Coyle. Honorary pallbearers were Carl Trulson, J. P. Ephraim, William Saathoff, Desmond Doyle, Sr., Houston Eggen, Francis Richter, Charles Larkin, Clyde Jackson, John Schueling, and W. B. McWhirter.

Interment was in Oakwood Cemetery, Hondo.

Mr. Hartman was killed in a

Saturday afternoon pickup-train collision at the Avenue E railroad crossing in east Hondo.

At 3:05 p.m. Saturday October 13, he was driving his 1969 Chevrolet pickup south across the tracks when he was struck by the west-bound Southern Pacific freight train.

He was pronounced dead at the scene by County Judge Jerome Decker.

Frank George Hartman was born July 20, 1901, in Medina County to Charles Hartman and Katie Muennink Hartman, both of whom preceded him in death.

He was a stock farmer in Medina County, and was a member of the First United Methodist Church of Hondo and the Hermann Sons.

In addition to his parents, a sister, Della Mae Hartman, preceded him in death.

Survivors include his wife, Mary Ethel Hartman; a son John Charles Hartman of Hondo; three brothers, Roy Hartman of Hondo, Charles Hartman of Corpus Christi, and Pete Hartman of Victoria; and four sisters, Mrs. Annie Faseler of Hondo, Mrs. Milton (Esther) Fohn of Yancey, Mrs. George (Hazel) Bopp of Charleston, S. C., and Miss Lucinda Hartman of San Antonio.

Mr. Hartman was the tenth person in eight years to die in an auto-train accident in Hondo.

One person was killed in 1965; four in 1967; one in 1970; two in 1972 (including a Kerrville salesman who died months later of his injuries); and now two in 1973. Last victim of such a wreck was attorney Frank X. Vance.

Friday is Trail Riding Day to raise funds for the Medina County Association for Exceptional Children.

The 11th annual Medina County Riders Benefit Trail Ride will begin Friday in Lytle as riders gather at 5 p.m. for a night of dancing and fun to the music of Larry Garmand and his Texas Travelers.

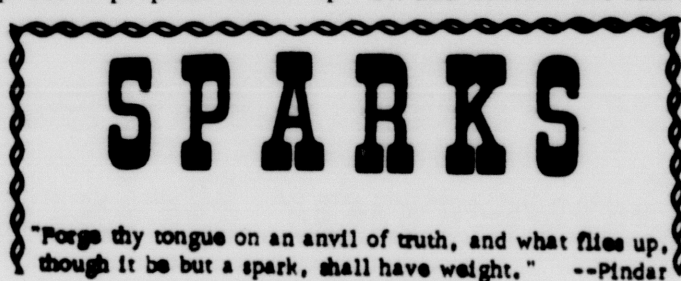

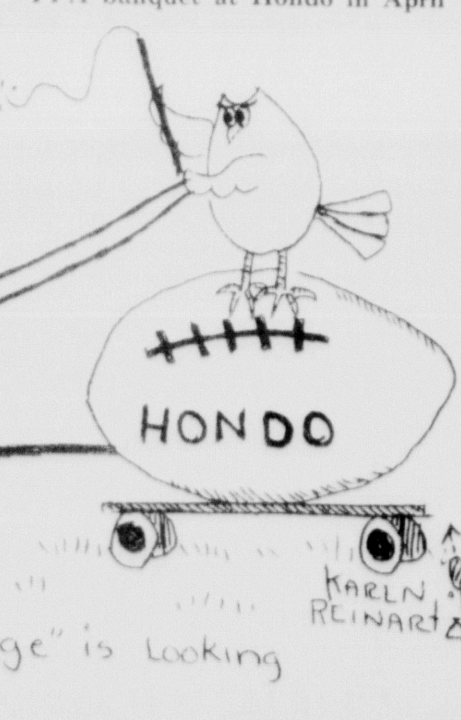

Departing Lytle at 9 a.m. on Saturday, the riders will head for Pearson for lunch and then on to Koenig Park in Castroville where they will have a Mexican supper provided by American Legion Post 460. After that they will enjoy a public dance with all persons being invited to make a 99 cent donation to attend.

Sunday morning they all head for Hondo where they will enjoy a noon meal served by the Hal Jones American Legion Post 128 of Hondo.

There has been a slight change of plans in the Open House scheduled for Del Rio Flying Service and the Air Force Flight Screening Program at Hondo Airbase.

Due to a conflict and time limitations, the big event has been set back to Saturday, December 8. This, too, is a tentative date, but officials say they will try to make it a firm commitment.

Donna Wiemers, daughter of Mr. and Mrs. Olin Wiemers, was elected Hondo FFA Sweetheart for 1973-74. She is a senior, President of the Senior Club, and a Hondo Owl Cheerleader and member of the Owl Band. Donna will represent Hondo in the Revaldina FFA sweetheart contest at the District FFA banquet at Hondo in April.

### THE WILD GAME DINNER

... sponsored each year by the Hondo Chamber of Commerce to say "THANK YOU" TO HUNTERS AND LANDOWNERS IN THE Hondo area, is coming up during the next dry spell in Medina County [oh, we're going to see the end of the rain one of these days].

So we would like to make an appeal for some meat for the November 24 event. Anyone who would like to clean their freezers of birds, or fish, or venison, or rattlesnake, or armadillo, or javelina can do so by giving it to the Wild Game Dinner. Fish and birds are especially needed.

If you wish to make such a contribution, you may call the Chamber office at 426-2015. Mrs. Lillian Porter will see that it is picked up.

### FRANK DELONY

... had a visit from a cousin last week.

Which isn't out of the ordinary around these parts where kinkfolk are thick as grains on an ear of corn.

But this special cousin was one Frank had not seen since 1909.

Frank said William Martin of Portsmouth, Virginia, is some six years older than he is, which incidentally places Mr. Martin at about 80 years old for Frank is pushing hard at the 74-year mark. And add to that the fact he drove to Hondo from Portsmouth in about three days makes the visitor a little more special.

### GET ON THAT BUS

... is the "order of the day" between now and about November 15. That bus, of course, is the one heading for the AstroDomain and two big days of fun December 1 and 2.

A bus holding some 37 to 39 persons has been reserved for the trip and at this writing [Sunday] some 12 persons have definitely "signed up" to be a part of the good times.

Our World Champion Corn Shuckers, who took on the best at the Texas Folklife Festival, will again fend off challengers in a demonstration of speedy skill.

Headquarters will be the Red Carpet Inn and our people will have transportation provided between the motel and the AstroHall several times a day.

And for football lover, it can be a ball! For instance, on Saturday night, December 1, the University of Houston plays Tulsa University in the Astrodome and on Sunday the Oilers host the Raiders.

Attending the games, of course, is optional. We are holding a block of seats for the Oiler-Raider game. Bus [\$10 per person] and football [Oiler-Raider only] tickets [\$7 per person] must be paid by November 15 at the Hondo Chamber of Commerce. Each individual will be responsible for payment of his room at the motel, although we are reserving some 15 rooms so no one has to make reservations.

Now, can't you just see everyone having a grand time? Wouldn't you hate to miss out on it? Then "get on that bus" and let's go!

### JUST NOTICED

... where my boss, Bill Berger, is president of the Parents Association of the School of Communications at the University of Texas at Austin for 1973-74.

Since Eddie graduated in 1970 as a journalism graduate and Barbara graduated just this past May with the same degree, I suppose you could say that Bill is "well qualified by contact as well as professional talent" to serve in this capacity.

Congratulations, Boss.

### CATTLE RUSTLERS

... who are readers better take a good look at the new penal code passed by the Texas Legislature this year. Reading it just might change their minds between now and January 1. More likely to deter those who wish to steal cattle is the section which shows that a cattle rustler will face a prison sentence under the new code-regardless of whether he steals prime beef on the hoof or a mangy calf.

Rep. John Poerner mailed me a story which appeared in the Dallas Morning News. Written by Carl Freund, the story gave a good description of the code and especially where it pertains to cattle rustling.

Now thefts of some specific items will not bring prison sentences under the new code. But Freund says: "The Legislature made an exception for cattle rustlers."

"The code provides for a prison term of 2 to 10 years for anyone convicted of stealing one or more head of cattle, horses, sheep, swine or goats, without regard to their value."

And don't think you can get by with stealing just a hind

Letters from the mailbox

Dear Mr. Lawrence,

I am in the process of collecting information on the history of my family and have come to the realization that Anvil Herald archives may be a bountiful source of relevant information.

Could you please advise me if you would grant permission for one of my colleagues who lives in Hondo to search your archives? Also, please advise as to how long a period the archives cover.

My great grandfather, Franz Justus Wurzbach, immigrated to Texas from Mannheim, Germany, and settled at Rio Medina around 1850. His descendants still reside in Medina County, and I myself grew up near Rio Medina. I have been away from the area since 1940 but have managed "to keep in touch" to some extent by reading your excellent newspaper.

Thank you in advance for any consideration and assistance that you may be able to give me.

Sincerely yours,  
Clinton O. Wurzbach

[Editor's Note: Perhaps someone can help Mr. Wurzbach out. If so, I'm sure he would love to hear from you.]

Dear Constituent:

I am pleased to report that the 63rd Session of the Legislature was a success for the 45th Legislative District. We ranked high in accomplishments even though the public school finance issue ended in a 70-70 tie vote without passage. I want excellence in education; but, at the same time, I want to keep an eye on the tax dollar as it would certainly upset the economy to tax farms, ranches, and commercial properties out of existence. There must be a balance in the categories of need and taxpayer's ability to pay

so that we might accomplish our education requirements within the limits of our pocketbooks.

We need to work closely together when the Constitutional Convention convenes in January. The present Constitution, a historical document since 1876, as amended has certain provisions that we want to retain and, quite obviously, it has some "deadwood" that needs to be removed. There are certain fundamental questions that I would like to ask in this regard and, from your answers, I will be guided in making policy decisions which will enable me to cast my votes in your behalf.

I would also like to take this means to thank you for giving me the opportunity to be your spokesman during the session just completed and to project your thoughts into the Constitutional Convention.

The questionnaire is designed in such a manner that all you need to do upon completion is to fold, place a stamp on the return addressed section, and mail. My Austin and Hondo offices are always at your disposal on any matter of state government. Please do not hesitate to write or call at any time.

Sincerely,  
John H. Poerner

Dear Mr. Lawrence:

You have been recommended to me as a person who would be willing to help Representative Clayton in a problem he has encountered here in Austin.

Unfortunately, those in our state government are often cut-off from what is happening out in the country. This is where you can help. There seems to be a great need to create a means whereby Legislators may turn to outside sources for expert opinion or testimony on the various issues that confront them. As a partial remedy to this problem we are trying to create a "talent file" which Repre-

sentative Clayton can consult when he needs guidance. Since he will make the file available to like-minded colleagues, this file should assist in alleviating a serious Legislative "information gap."

Will you help by completing the enclosed form? It will only take a few minutes and it could be a significant help in providing needed input into the legislative process.

Sincerely,  
Jack W. Gullaborn  
Special Assistant to  
Rep. Bill Clayton

Dear Burnis:

Congratulations! It is my pleasure to welcome

you as a newly elected director of the South Texas Chamber of Commerce.

As you read the enclosed guidelines, you will find these responsibilities directly applicable to you. The South Texas Chamber of Commerce realizes that its continued growth and success depend on you and your co-workers.

Again, welcome and I look forward to visiting with you at our first board meeting to be scheduled in a couple of months.

Cordially,

Flood Insurance studied

The combined governing bodies of the Hondo City Council and the Medina County Commissioners Court met Tuesday night to hear of a proposed National Flood Insurance Program for Medina County and Hondo residents.

Ty Probasco, a representative of the Alamo Area Council of Governments, explained the government-subsidized program, which would allow residents of flood-prone areas to take advantage of low-cost flood insurance.

"One reason why flood insurance has rarely been purchased by property-owners is its high price. This program will bring that cost down to a level which most property owners can afford," Probasco said.

"Another aim of the program," Probasco went on, "is to give local or county governments the ability to begin to eliminate flooding problems over the long haul of 20-30 years through adoption of land use and management measures."

Rates for insuring structures and contents vary according to type and value of structure.

Protection up to \$17,500 for residential single-family dwellings (in the process of being increased, says Mr. Probasco), and \$30,000 for all other structures is available.

Cost of such protection would be on a sliding scale. As an example, a home worth \$17,500 or less could be insured for \$.25 per year per \$100 structural value, plus \$.35 per year per \$100 in value of contents. That rate is far below non-subsidized commercial rates.

But payment for damages is also covered in a deductible clause. The amount of the deductible applicable separately to both structure and contents, is either \$200 or 2 percent of the amount of the loss, whichever is greater.

That clause means that \$400 damage must be absorbed by the owner before insurance can be collected on structure and contents.

The real fly in the ointment appeared to be the land-use provisions of the insurance program. Under those provisions, the sponsoring governmental unit (either by County or City) must submit to a survey of all property to be insured, the determine what

secure a high quality of life for all Texans, we must achieve a better balance in the distribution of industry and work force between rural and urban areas.

"We must build from our present strengths. It is my aim to help Texas become the number one State in the Nation in production and profits from agriculture. By working together to stimulate agricultural growth while bringing new industry to outlying areas, we can make Texas even greater.

"The Texas Rural Development Commission has just completed an extensive review of the problems involved in developing our rural resources. Each of you will have an opportunity to respond to the Commission's proposals during the workshop sessions of the Governor's Conference on Rural Development to be held in Austin on October 23. With your help, this Conference can give new directions and impetus to rural development efforts throughout the State, and at the same time help solve many of our urban problems.

"I invite you to help meet the challenge of planning today for tomorrow's growth by participating in this conference."

areas lie in waterways or flood-plains.

Once this is discovered, certain limitations come into play regarding insuring property and development of property in those areas.

One such limitation forbids the building of new structures of any kind in flood hazard areas, regardless of whether or not the builder intends to insure the property.

Another limitation provides for rebuilding of a structure which is less than fifty percent destroyed by flooding, but forbids rebuilding if damage is beyond 50 percent.

Also, no structure which is found to be in a flood hazard area can be improved by adding on or remodeling, regardless of whether the owner subscribes to the insurance program.

The purpose of all these limitations is to discourage people from living in areas that are flood hazards. Over the long haul, it is hoped that when present structures outlive their usefulness, new ones won't be built in the same place. Meanwhile, present structures can be insured.

Most of the Commissioners and Councilmen present at the meeting voiced disapproval of the program on the grounds that it deprives private property owners of their freedom to use their property as they see fit.

Fred Bader, Precinct 1 Commissioner, stated, "Shouldn't we see if the people want it before we pass a program like this?"

But commissioner of Precinct 4, Ira Barron, said, "But why should we allow a man to build in a pond, then let him complain to the County about drainage?"

County Judge Jerome Decker declared "I represent a pretty independent group of people who are getting tired of controls on their freedom, and I will recommend to the Commissioners that we let it go by the present."

The Commissioners agreed, on the condition that their turning down the proposal have no effect on the City of Hondo's actions.

Mayor J. G. Barry polled the councilmen present and that group also decided to table the proposal until public opinion can be surveyed.

St. Dominic's Field Mass set Sunday

A Field Mass will be celebrated in front of the ruins of St. Dominic's Church, Old D'Hanis, Sunday, October 21, at 11 a.m., reports the Very Rev. Victor G. Schmidt-zinsky, V.F., pastor. The Rosary will be prayed before the Mass, led by Bonnard Rothe. Congrega-tional singing will be directed by Mrs. Josie Finger and Luis Cortez.

The special outdoor service will commemorate the 126th Anniversary of the founding of St. Dominic's Parish, estab-lished in 1847. The Mass is dedicated especially to the living and deceased pioneers who were bat-tized, made their First Holy Communion, Con-firmation, and were mar-ried in Old St. Dominic's; the Mass servers, the priests who administered to St. Dominic's; the Sisters who taught in St. Dominic's School; and all those buried in the adjacent St. Dominic's Cemetery.

**Painting to be Unveiled**

An additional feature connected with the Field Mass will be the unveiling and blessing of a painting of the present ruins of St. Dominic's Church.

The painting, a 24 by 36 inch oil canvas valued over \$400, was done by Mrs. Eva (Howard) Huesser and Charles Normann.

Both are teachers at the Texas School of Fine Arts, Austin, Texas.

Mrs. Huesser and Mr. Normann have donated the painting to Holy Cross Parish, and it will hang in Holy Cross Church in D'Hanis after the unveil-ing. In case of bad weather, the Mass and the unveiling will be held in Holy Cross Church, D'Hanis.

The public is invited to the Mass and the unveil-ing, and also to St. Dominic's Parish Hall, D'Hanis, where visitors and friends may eat their own luncheon. The Senior Class of D'Hanis High School will sell pit

barbecued chicken at noon, right there from the pit.

Everyone should bring their own trimmings.

In charge of arrange-ments for the Field Mass and program are Joe W. Rothe, President of the St.

Joseph's Society, David Trevino, President of the Caballeros de San Jose, Mrs. Joe Fillinger, Presi-dent of the Altar Society, and Bobby Joe Rothe, President of the Parish Youth Organization.

quarter. For Freund continues:"The code specifies that the penalty shall apply to the theft of 'any part thereof' of an animal. Prosecutors say this will permit them to seek prison terms for rustlers who butcher animals on the range and carry away steaks and roasts.

"Should a prosecutor convince a jury that a stolen animal was a prime steer valued at more than \$10,000, it could assess a penalty ranging from 2 to 20 years in prison."

So that's the message to all would-be cattle rustlers. Read it and weep; or should I say steal 'em and weep longer.

## Shower fetes Miss Elliot

Miss Sherry Lynn Elliott, bride-elect of Mr. Ralph Stricker, was compelled with a miscellaneous shower Monday night, October 8, in the basement hall of the Natalia Church of Christ.

The honoree wore a beige two-piece, long sleeved A-line dress with brown patent accessories.

In the receiving line with the honoree were her mother, Mrs. Tom Elliott and her future mother-in-law, Mrs. Lee R. Stricker.

Each of the three were presented with a corsage of white and hotpink fur flowers with white and pink ribbons.

The serving table was covered with an ecru lace

table cloth underlaid with pink and decorated with wedding bells and an arrangement of hot pink fur flowers. The cake was decorated with a pink and white-ribbon bow, white love birds and the traditional bride and groom. It was made by Miss Elliott's great-aunt, Mrs. W. B. Day.

Susan Gamble and Brenda Linehan served the cake and punch to approximately thirty-five guests.

Mrs. Richard Campsey and Misses Glenda Chaut and Pat Gamble assisted at the gift table.

Hostesses were the women of the Natalia Church of Christ.

## This week

## All she wrote

by Edna McDade

This morning [10-11], a bowl of gold-ruffled, snow-white clouds holds one of October's brightest blue skies aloft for everyone to see and enjoy, if not engrossed in the endless tasks that seem to infest the day.

When such a picture comes into my line of vision, I simply take the time to enjoy it, mindful that the heavens, do indeed, "declare the glory of God."

The daily chores? Won't hurt 'em a bit to wait. They always stand hitched.

If the "Sandwich Corn Sheller" had lived till now, it might have represented the only recognizable competition to our Hondo champions who are scheduled [hopefully] to take on all comers at Houston's CORN-templated Country Fair Dec. 1-2.

The "Sandwich" was offered [in ads which appeared in the ANVIL HERALD of Oct. 11, 1913] by Droitcourt Bros. of this city who claimed, "This great invention separates the shucks and cobs and there is NO WASTE of corn."

According to the list of winners in the Hondo contest, LILLIE [Mrs. Milton] HEYEN's high score also separated the gals from the men and the boys.

As proof of loyalty to my sex, I hereby cast a vote of CORN-fidence for Lillie to show the city slickers how a Hondo gal shucks the corn!

Several "little girls" who became my special young friends a few years ago are now about half way through high school.

They write to me often and I love this proof of their devotion as I follow their progress toward young womanhood. That they are growing in grace and teen-age wisdom, I have no doubt.

But whatever has happened to SPELLING? I've had reports of: selection to the band's "flag rooteen"; "brockely" is among the plants in the plants in the family garden; movies are getting so "addult-rated", they're no fun; I'm in our school's "coral" group and do we ever sing! Someday maybe I'll be a "secretary"....

Although the original spelling adds to the fun of the letters [for me] it adds to my concern for my young correspondents who represent three different high schools. Does this indicate a "trend" ... and whatever happened to the family and/or school dictionary?

My MISS-spellers have an advocate in Thorstein Veblen [1857-1929] who was a well-known U. S. economist and sociologist. Said he, of the conventional spelling of the English language, "... It is archaic, cumbersome and ineffective; its acquisition consumes much time and effort; failure to acquire it is easy of detection."

Feel better now, girls?

Hard to imagine a Raye Theater with out "Uncle Ray" and his faithful partner at the ticket window. But, inevitably, "the time has come", as one Walrus said, aided and abetted by the relentless calendar.

I can only say, "Welcome aboard!" As he became of retirement age, my father often said, "I've been tired many a time and it's a good, honest feeling. But this business about being re-tired is something else!" Really, friends, it isn't bad at all. Just hobbles one a bit, that's all.

Are there any old wooden windmills around Medina County? Squeaks and groans notwithstanding, they were once the most economical sources of energy in many states.

Lubbock is planning to include a display of old "instant water machines" in its program for the American Revolution Bicentennial celebration in 1976.

New words [or new words new to me] keep me busy finding definitions, which I can forget faster than I can remember.

One such appeared on a post card sent to me anonymously although I haven't the foggiest notion why. It "invited" me to become "A DELTIOLOGIST Summa Cum Laude" and explained [good thing] that the word meant a postcard collector. I can't find the word in my dictionaries.

Time was when I did collect post cards, when I was a pre-teenage exchange correspondent with other such ambitious collectors. Invariably our messages were always the same: "I now have 29 cards. How many have you?" Only the figure varied from time to time.

Whatever happened to the treasures, goodness only knows. Now, adults make a big business of such collections. So, I must decline acceptance of the "Summa Cum Laude", in full awareness that "Opportunity knocks but once."

Many politicians have been accused of "straddling the fence" on issues pro-&-con.

The mayor of Charleston, S.C., put it this way when asked where he stood on a controversial issue involving a proposed \$6 million condominium:

"I stand squarely behind both sides."

## Hondo churchwoman attends Congress

Joan Butts, Religious Education and Social Action Coordinator, St. John the Evangelist Catholic Church, attended the National Liturgical Congress in Oklahoma City, Oklahoma, from October 8 thru 11.

Theme of the Congress was "Liturgy Together-1973." Special emphasis was given to considerations of ministerial style and presence at worship services. Since music is an important part of any worship service, it was given priority in several presentations. The more than 400 delegates prepared and approved 30 resolutions concerning ministry, adaptation, style and presence to be presented to the

Bishops Committee on Liturgy for their consideration.

Some of the noted speakers included Father Gerald Broccoli, professor at Mundelein Seminary; Father Richard Smith, S. J. and Mr. James Hitchcock both from St. Louis University; and, Father Patrick Collins from Peoria, Illinois.

The spirit of the Congress was one of hope that the worship services in various parishes would be meaningful to the people who are celebrating. A sincere expression of concern was clear in the time and effort on the part of many to make this Congress a helpful and meaningful experience for the delegates.

## GARDEN CLUB News

Misses Oma Bell, Cora Alice and Corinne Perry, owners of the famous Perry Ranch at Leakey where the 1100 springs originate, were hostesses to members of the Hondo Garden Club on Wednesday, October 10th.

The morning was spent viewing their collection of very fine historical antiques in their lovely limestone ranch home facing the bluffs of the Frio Canyon.

Picnic lunch was spread on a long table centered with colorful gowns and autumn flowers under the large shade trees at the scene of one of the rapids. Mrs. V. Horace Crow who arranged the tour offered a prayer of thanksgiving.

The afternoon was spent visiting the modern hunter's cabin which accommodates 30 persons. The interesting thing about the cabin were the rooms filled with beautiful brass colored iron beds. Drives were made to the top of the highest peak of the ranch and to the area of the many springs of water pouring out from the bluff to form the Frio River.

On the return trip the ladies visited the unique German Sunday house copied from the best in Fredericksburg.

Back at the ranch home the gardens and green house caught the Gardeners' attention. The Perry sisters served fruit punch, cookies and cake to the ladies before they took one last look before returning to Hondo. They all agreed it was the beauty spot of Texas and a day to be long remembered for the gracious hospitality of their hostesses.

Those making the trip were Mesdames G. L. Cole, president; V. H. Crow, O. A. Fly, E. S. Fry, L. E. Gross, H. B. Haegelin, P. C. Jagge, Ray Jennings, Raymond Koch, B. L. Kollman, Otto Mainz, Mark Marshall, Ben Oefinger, O. M. Redus, Arthur Richards,

Bruno Schweers, W. L. Taylor, Carl A. Trulson and W. W. Watson.

**Junior Garden Club**  
The Hondo Junior Garden Club will meet Friday, October 12, at the Arthur Richards home for a workshop, plant propagation demonstrations by Chris and Douglas Cole and Patrick Richards and followed by a business meeting.

During the month of September, Juniors combined business with pleasure by having a membership party at the Refugio Rios home preceding a monthly business meeting, demonstrations on wildlife management by Curt Collier and Rose Mary Rios with the conservation pledge led by Chris Cole.

Roll Call was answered by members as to what their favorite tree was. Workers at the reclamation center the first Saturday of the month were of the Richards family.

Family. On September 16th, Camp Fire Leader, Cindy Mumme was tour guide of Junior on a nature trail. The nature train was designed by the local Medina Valley Soil and Water Conservation District.

All members of the Hondo Junior Garden club are also members of the Hondo 4-H clubs. The club welcomes youth who are interested in beauty, gardening and preserving our natural resources to attend monthly meetings.

## BIRTHS

Mr. and Mrs. George Ledbetter of Fort Smith, Arkansas, announce the arrival of their first child, Ashley Lyn on Monday, October 8, in that city.

She weighed seven pounds, six ounces. She is welcomed by her maternal grandparents, Mr. and Mrs. Paul Henderson of Goldwaite, Texas, and paternal grandparents, Mr. and Mrs. Jess Ledbetter of Hondo.

Ralph Hauger

A wife's opinion: "The average man is 40 around the chest, 40 around the waist, 95 around the golf course and a nuisance around the house."

Regardless of how many or how few birthdays you've had, you are old if it takes longer to rest than it did to get tired.

In the thirties you could see two movies for a dime. Now it costs you \$500 for a television set and what do you see? Those same movies.

Terry Dornak

## Dornak is student teacher

Jerry Dornak, Texas A&M University senior, will be doing his student teaching at Hondo High School beginning October 15. He is an Agricultural Education major and will be teaching freshman and sophomore Vocational Agriculture classes, under the supervision of John E. McAnelly and J. D. Schmidt, Vocational Agriculture teachers.

Dornak is a 1969 graduate of Jourdanot High School. At Texas A&M he was a four-year member of the Texas Aggie Band and a member of the Collegiate FFA chapter.

Upon his completion of student teaching in December, he will graduate and be commissioned as a Second Lieutenant in the U. S. Army Reserves. He will report to Ft. Sill, Oklahoma, for his three-month Artillery Officers Basic Course in March and plans to begin teaching next fall.

During his student teaching, Dornak is also scheduled to address the Hondo Lions Club, among other activities. He visited the school for three days in August, meeting the students he will be teaching and several members of the community.

Georgia Ruth Landers

## Georgia Landers is SWT Strutter

Georgia Ruth Landers of 1401 26th Street in Hondo is a member of the Southwest Texas State University Strutters, a 95-member precision dance and drill team.

Miss Landers, the daughter of Mr. and Mrs. Charles O. Landers, is a sophomore elementary education major. She is a 1972 graduate of Hondo

High School, where she was a majorette for the band.

The Strutters, whose famous high kicks and flashing smiles have been viewed across the nation via televised halftime performances, will be a vital part of the SWT Homecoming game half-time show Saturday, Oct. 27.

## Breiten falls victim to gasoline shortage or something

Fred J. Breiten of Hondo is no longer in business at 909 S. 19th Street as of 5:59 a.m. yesterday, October 17.

Up until that time he operated an ARCO service station at that address in Hondo. But he fell victim to... well, Fred isn't sure what he fell victim to.

And according to him, the company he leased the station from is not telling him anything. Except to vacate the premises, that is.

In a letter dated October 7, the company describes the lease and then writes:

"You are hereby notified that Atlantic Richfield Company does not intend to renew the aforementioned lease agreement."

"Demand is hereby made upon you to deliver possession of the premises described above to... at 5:59 a.m. on October 17, 1973. Signed: J. W. Van Amburgh, District Manager."

Fred says he asked the company man, "Why?" And he received no answer. Was it due to the gasoline shortage? Was it because the company wishes to close down all its independent lease dealers? Fred certainly doesn't know, and he received no satisfaction from the company. He just closed his business yesterday like the letter said. But he says

he'll relocate and have another business like repair and service.

Funny thing, though, scuttlebutt has it that the company still has more than two years to go on its lease for the building at about \$210 per month. And that's a good bit to pay for a building that is to remain closed.

## B A M Citizens set meeting

Mr. Robert Sohn, attorney, will be present at the meeting. A 25-minute slide presentation will be shown.

## Two county teachers elected to TSTA offices

Two Medina County teachers were elected to the official family of the 18-county Alamo District, Texas State Teachers Association, at the convention in San Antonio last week.

Anthony Petri, Jr., of Medina Valley ISD was elected state executive committeeman and Miss

Helen Richter of Hondo ISD was named as a member of the auditing committee.

Delegates at the 13,000 member group heard President Robert Henderson urge them to actively support Constitutional Amendment No. 1 on November 6. This would raise the salary of Texas legislators to \$15,000.

It would also extend the present 140-day biennial session of the legislature in odd-numbered years not to exceed 180 days and provide for regular sessions not to exceed 60 days in even-numbered years to deal with fiscal matters and only those other emergencies submitted by the governor. The governor could extend these 60-day sessions 30 days.

## Area A&I band students busy

**KINGSVILLE** -- An especially busy couple of weeks are ahead for the Texas A & I University Band.

Besides helping plan Band Day here Oct. 20, Dr. Joseph L. Bellamah's musicians are preparing for two appearances this Saturday (Oct. 6) during Dad's Day.

Scheduled are a concert in the Student Union Ballroom at 11 a.m. and

pre-game and half-time performances at the East Texas State University football game in Javelina Stadium.

Members of the band from the area include Darrel Gan, trombone; Janie St. Leger, Baritone; Howard Stansell, saxophone; and Teddy Williams, trumpet, all of Devine; and Abel Dominguez, saxophone and John Rodriguez, percussion, from Hondo.

## Radio Free Europe editor visits here

In town Tuesday on a tour of South Texas agriculture was Nicolas Millev, Editor of the Bulgarian Desk, Radio Free Europe in New York.

Millev is touring the United States on a bus, trying to get the "big picture" of American agriculture and farm life. One stop, in San Antonio, brought him out to Hondo, from which he was conducted on a tour of the Morales Feed Lot in Devine, McCrea pecan orchards in Yancey, and the truck farming industry around Hondo.

Millev's tour is aided by the American Farm Bureau Federation.

A refugee from Bulgaria four years ago, Millev has been a cultural attaché with the Bulgarian government. He had been a diplomat, and he has an excellent command of the English language. After escaping (how he escaped, he says, is a closely guarded secret), Millev became associated with Radio Free Europe in New York.

"I used to listen, secretly, to Radio Free Europe in Bulgaria. There, you are not allowed to listen to anything but the propaganda of the Communists."

"My programs speak to my people of the culture, the agriculture, the music of America," he went on.

"Radio Free Europe and the Voice of America are the only outside channels of information available to the people in the captive nations of eastern Europe."

I play rock and roll records and just talk to my people about how the Americans live and work. Things you take for granted here are just unknown there.

"I help, through my programs over Radio Free Europe, to bring some hope for a better future to people in those countries. Without another source of news and information, they know no other system than that which they now have."

Asked about the effects of the Watergate scandals on broadcasting abroad, Millev answered, "We tell about it, without being subjective. We just say 'this is what is happening; and this is how the Americans are dealing

with it'. . . people over there cannot imagine that the media and the people can question the actions of their own government without persecution."

Millev decided to escape to freedom after the death of his mother, whom he had cared for since the death of his wife eleven years ago. He still has family in Bulgaria, though he is reluctant to discuss them since they have

suffered for his escape.

Through his radio work, which includes seven hours of programming daily, Millev can bring "American Panorama," "Cultural Scene," "Science and Man," and a program about South America called "From the Other Side of the World," all within the reach of his politically imprisoned countrymen.

# Cowboys win again 28-0

The D'Hanis Cowboys scored 21 points in the second half to break open their 7-0 lead over St. Anthony's of San Antonio Saturday night. After a sluggish first half, the Cowboys cranked out fifteen first downs in the final half to three for the Yellowjackets, and went on to a 28-0 whitewash.

The win puts D'Hanis at 5-1 for the season, their sole loss coming at the hands of Comfort, two weeks ago.

The game was a scoreless tie until late in the second quarter, when the Cowboys marched 55 yards on two passes from Bobby Joe Rothe to Richard Rothe and runs by Ronny Koch. The final four yards were earned by Richard Rothe, who ran in

for the touchdown. The extra point kick by Ricky Rothe was good, and with 3:20 remaining in the half, the Cowboys led 7-0.

Following the halftime break, the Cowboys consumed almost half the third quarter on a 66 yard drive following the kickoff.

Again, it was Koch and Richard Rothe alternating on the ball-carrying until the drive appeared to stall at the Jacket 8-yard line. With first and goal from that spot, the Cowboys were struck with two major penalties and found themselves at the 39-yard line, third-and-goal.

But a 33-yard pass from Bobby Joe Rothe to Jerry Lopez put the Cowboys back in business, and Rothe hit Doug Kempf for the final six yards on fourth down to cap an incredible drive. Rothe took the snap on a fake PAT kick and went wide for two more points to put D'Hanis ahead 15-0 and break the Jackets' spirit.

Following the kickoff, St. Anthony's quarterback Joe Gamez completed a 24-yard pass to Louis Mendoza, and the Jackets appeared to be driving at the D'Hanis 42-yard line.

But Albert Rodriguiz picked off the next pass and returned it near midfield.

From there three plays later the Cowboys has scored again. After a 1-yard plunge by Koch, Richard Rothe took the ball 36 yards over right tackle, and new quarterback Ricky Rothe hit Kempf for a 17-yard scoring bomb. The kick by Ricky Rothe was not good, but the Cowboys led 21-0 with four minutes remaining in the third period.

The final score came after Kenny Lutz jumped on a Yellowjacket fumble at the visitor's 42-yard line. A series of runs of 12, 3, and 13 yards by third quarterback Ronny Rothe put the ball at the St. Anthony 9-yard line. From there, it was Koch on a 9-yard dash to the goal line. The kick by Richy Rothe was good, and with 5:30 remaining in the game, the scoring was over.

Richard Rothe picked off his second interception of the night and the fourth against Gamez to end the Jackets' scoring hopes. The Cowboys drove to the visitors' 19-yard line be-

fore the clock ran out.

Friday night the Cowboys will be in Natalia for a game against the Mustangs. Game time is 8 p.m. at Natalia High School stadium.

Statistics for the game were as follows: (D'Hanis first):

First Downs, 21-7; Rushing 175-44; Passes (yards) 10-21-0 for 173 yards, 9-24-4 for 79 yards; Total offense, 348-123; Punting 4 for 30.5, 6 for 28.7; Penalties, five for 45, one for 5; Fumbles lost 2-2.

The Cowboys have been ranked in eighth place among Texas Class B schools, according to this week's Associated Press schoolboy football poll.

Friday night the Cowboys will be in Natalia for a game against the Mustangs.

Game time is 8 p.m. at Natalia High School stadium.

Natalia represents the final non-district game for the Cowboys. They will go into an open week next Friday, then on November 3 they will meet Medina in the first game of district play.

## Harmon Pro Forecast

Sunday, October 21

SAN FRANCISCO 26 NEW ORLEANS 7 -- If Saints capable of another upset, s'pose it might be possible here. 49ers, "unpsyched" after being high for Vikings, could have big let-down. It shouldn't happen.

MINNESOTA 31 PHILADELPHIA 9 -- If Vikings forget that Rams are on their schedule, they might even manage to score a 6-pointer or two in this one instead of depending on Fred Cox's 3-point "plays."

WASHINGTON 27 ST. LOUIS 10 -- Cards upset Redskins, 34-27, three weeks ago in St. Louis, but don't expect a repeat in Washington's RFK stadium. George Allen's Bunch hurdled big one in win over Dallas.

ATLANTA 17 SAN DIEGO 16 -- Another "either-way" ball game involving Falcons. . . they beat Bears last week, and it makes them just a wee favorite over Chargers. San Diego playing at home.

MIAMI 31 BUFFALO 10 -- Bills on fantastic three game win streak, but afraid they won't make it to number four. This is early key game in AFC Eastern Division race. . . Dolphins take over the lead.

PITTSBURGH 28 NEW YORK JETS 6 -- Our earlier advice to the Jets would have been: don't show up! However, after Bengals stopped Steeler road show last week, maybe Jets will run into mad hornets nest.

CLEVELAND 21 HOUSTON 12 -- Oilers capable of scaring anybody. . . they came within 5 points of Rams 2 weeks ago. AFC Central game that Browns need to stay in contention. . . and they should get it.

CHICAGO 23 NEW ENGLAND 20 -- Patriots trapped colts, and then were upset by Jets. However, they'd like to add Bearmeat to their belts. Bears should stop stumbling, though, and win for home crowd.

LOS ANGELES 20 GREEN BAY 13 -- Should be tremendous defensive match-up, but offensive edge goes to Rams. If Pack catches L. A. looking ahead to Vikings, could be upset. However, we don't expect it.

DALLAS 21 NEW YORK GIANTS 10 -- Giants look to lose their 4th game in a row. Their regular season record is reversing their undefeated exhibition season. Cowboys just too tough in spite of ruff schedule.

CINCINNATI 20 KANSAS CITY 17 -- After sensational Cincinnati upset of Steelers last week, we hope Bengals will come down out of clouds long enuf to play Chiefs. At home, they could win another!

DETROIT 30 BALTIMORE 7 -- After the Lions helped beat themselves against Vikes 2 weeks ago, they had real tough game with Saints. They'll still be mad (they should be!). . . Detroit by 23 over Colts.

Monday, October 22

OAKLAND 17 DENVER 14 -- Another good Monday niter that could go either direction. Almost a must win for both clubs in AFC Western race. We'll go with a 3-point lean toward the Raiders.

Field goals. . . shield goals. . . still feel they play too big a part in pro football. Through Monday, October 8th: still hanging on to .700 average with 35 right, 15 misses, and 2 ties. Tough league!

They're

**SS News**

Some older workers received a small increase in their benefit check August 3, according to Gilbert G. Gonzalez, District Manager, of the San Antonio Social Security Office. This is referred to as delayed retirement credit for work after age 65.

The credit affects only those workers who delayed retirement until after age 65 and who received no social security benefits before age 65. He explained that this does not increase benefits for dependents or survivors of workers.

The special increase adds to the eligible worker's benefit one-twelfth of one percent for each month (or one percent for each year) for which benefits were not paid between ages 65 and 72, during months after December 1970.

The higher benefit will be automatic for those who qualify. Gonzalez stated that the effective date can be no earlier than January 1973. This provision for higher benefit amounts will be effective each January following the year the worker meets the requirements for delayed retirement credit.

For further information, see your social security representative when he is in your area. Your representative will be in

Hondo at the City Hall at 9:00 a.m., Monday.

A recent change in social security law may prevent loss of benefits for survivors of disabled workers, according to Gilbert G. Gonzalez, District Manager of the San Antonio social security office.

Formerly, if a worker failed to apply for disability benefits, any such benefits he could have received were forfeited after his death. Under the new law, the benefits can be paid to his survivors if an application is filed at a social security office within three months after the month the disabled person dies.

The retroactive disability benefits will be paid to eligible survivors or to someone representing the estate according to an order of priority prescribed by law. Payment will be limited to no more than twelve months before the month the application is filed.

As in the past, dependents of the deceased may receive continuing monthly survivor's benefits, whether disability payments are claimed or not.

Anyone interested in the new law should inquire at the social security office, 309 Dwyer Avenue, San Antonio, Texas 78285, or call CA5-5511.
